MEDICAID MEMO

TO: All Medicaid Service Providers

FROM: Jennifer S. Lee, M.D., Director
Department of Medical Assistance Services (DMAS)

MEMO: Special

DATE: 2/28/18

SUBJECT: Safeguards Against Disclosure of Protected Health Information (PHI)

The purpose of the memorandum is to provide information regarding safeguards against disclosure of protected health information (PHI) in accordance with the Code of Federal Regulations (CFR) 45 § 164.530 Administrative requirements.

The C.F.R. 45 § 164.530 administrative requirements mandate that a covered entity must have in place appropriate administrative, technical, and physical safeguards that protect against uses and disclosures. See C.F.R. 45 § 164.530 (c). It is not expected that a covered entity's safeguards guarantee the privacy of protected health information from any, and all potential risks. Reasonable safeguards will vary from covered entity to covered entity depending on factors, such as the size of covered entity and the nature of its business. In implementing reasonable safeguards, covered entities should analyze their own needs and circumstances, such as the nature of the protected health information it holds, and assess the potential effects on patient care and may consider other issues, such as the financial and administrative burden of implanting particular safeguards.

Many health care providers and professionals have long made it a practice to ensure reasonable safeguards for individuals' health information – for instance:

- By speaking quietly when discussing a patient's condition with family members in a waiting room or other public area;
- By avoiding using patients' names in public hallways and elevators, and posting signs to remind employees to protect patient confidentially;
- By isolating or locking file cabinets or records rooms; or
- By providing additional security, such as passwords, on computers maintaining personal information.

Protection of patient confidentiality is an important practice for many health care and health-information management professionals. Covered entities can build upon those codes of conduct to develop the reasonable safeguards required by the Privacy Rule.

MANAGED CARE PROGRAMS

Most Medicaid individuals are enrolled in one of the Department's managed care programs: Medallion 3.0, Commonwealth Coordinated Care Plus (CCC Plus), and Program of All-Inclusive Care for the Elderly (PACE). In order to be reimbursed for services provided to a managed care enrolled individual, providers must follow their respective contract with the managed care plan/PACE provider. The managed care plan/PACE provider may utilize different prior authorization, billing, and reimbursement guidelines than those described for Medicaid fee-for-service individuals. For more information, please contact the individual's managed care plan/PACE provider directly.

Contact information for managed care plans/PACE providers can be found on the DMAS website for each program as follows:

PROVIDERS: NEW MEDICARE CARDS ARE COMING

CMS is removing Social Security Numbers from Medicare cards to help fight identity theft and safeguard taxpayer dollars. In previous messages, CMS has stated that you must be ready by April 2018 for the change from the Social Security Number based Health Insurance Claim Number to the randomly generated Medicare Beneficiary Identifier (the new Medicare number). Up to now, CMS has referred to this work as the Social Security Number Removal Initiative (SSNRI). Moving forward, CMS will refer to this project as the New Medicare Card.

To help you find information quickly, CMS designed a new homepage linking you to the latest details, including how to [talk to your Medicare patients](#) about the new Medicare Card. Bookmark the [New Medicare Card](#) homepage and [Provider](#) webpage, and visit often, so you have the information you need to be ready by April 1st.

Providers (which includes fee for service, Medicaid Managed Care Organizations, and Commonwealth Coordinated Care Plus) may share the following information with members:

MEMBERS: NEW MEDICARE CARDS ARE COMING

Medicare will mail new Medicare cards between April 2018 and April 2019. Your new card will have a new Medicare Number that is unique to you, instead of your Social Security Number. This will help to protect your identity.
